

MLB 2024 T-Baggery Official Rules

PURPOSE:

The purpose of this tournament is two-fold.

1. It will give us a reason to care about the MLB playoffs after the Nationals' abysmal season.
2. It will produce a clear and indisputable ranking of our intellects.

MONEY:

\$10 per person. Winner takes all. Venmo Alex before start of season.

FANTASY TEAMS:

There will be 7 teams, consisting of 4 MLB players per team. The managers are:

1. Alex
2. Curtis
3. Daniel

4. Darren
5. James
6. Kyle
7. Mookie

FANTASY ROUNDS:

The tournament consists of 3 rounds. 1st round ends with the MLB Division Series. 2nd Round ends with the MLB Championship Series. 3rd round ends with the MLB World Series.

Team stats reset at the beginning of every fantasy round. Eliminations occur at the end of each fantasy round. Teams with the least score are eliminated. Number of teams eliminated in a given fantasy round can be derived from the following table.

	Round 1	Round 2	Round 3
MLB Round(s)	Wild Card + Division Series	Championship Series	World Series
Fantasy Teams After Elimination	5	3	1

SCORING:

The stats that a fantasy team's players produce in a given round will be compiled. There is no ability for managers to set lineups on a per game basis. The fantasy teams will be sorted and the bottom teams will be eliminated.

Fantasy teams will be ranked by the following metrics (in the order they are listed):

- Most Total Bases (TB)
- Highest Slugging % (SLG)
- Highest On Base % (OBP)
- Most Home Runs (HR)
- Most Runs (R)
- Most Runs Batted In (RBI)
- Highest Expected Slugging % (xSLG)
- Highest Expected Weighted On Base Average (xwOBA)
- Highest Wins Above Replacement (WAR)
- Youngest Age of Team

If it is still tied, the managers will participate in a Zoom drink off to determine who advances.

Note: It is the duty of the fantasy manager to optimize his players according to this metric. TB is a total (as opposed to an average), so players may only amass four games of stats in a best of seven series.

DRAFTS:

Before each round of the MLB playoffs, there will be a fantasy draft. All drafts are snake drafts. When a player is drafted, they are off the board for the remainder of the tournament (even if the fantasy team they belong to is eliminated).

The initial draft will be on 2024-09-30. The order will be determined randomly at the beginning of the draft. (<https://www.random.org/sequences/>).

	Draft 1	Draft 2	Draft 3	Draft 3
Before MLB Round	Wild Card	Division Series	Championship Series	World Series
Order	Random	Random	Round 1 Ranking	Round 2 Ranking

After every round of the MLB playoffs, there will be a redraft. The first redraft (occurring after the Wild Card series) will use a new, randomly generated order. The order of the other two redrafts will be determined by the ranking of the previous fantasy round (Highest ranking in previous round is granted highest pick in redraft).

The redrafts provide an opportunity for the fantasy manager to replace a player on his roster with an undrafted player. This will mainly be used to replace eliminated or injured MLB players. If such a replacement occurs, the replaced player is lost forever, to all teams. Fantasy managers do not need to participate in every round of the redraft. When they are satisfied with their team, they can yield their remaining picks.

These drafts will occur in a Google Doc + Facebook Messenger group call. Picks will not be timed. Autodraft will be available for those who cannot make it to a draft or those named Daniel Fritzson. Autodraft will pick the person on the board with the highest score from the 2024 MLB season. Autodraft will replace eliminated players in redraft. The tribe can vote on whether an injured player should be redrafted by an autodraft, but hopefully we won't need to use autodraft at all.

CHECKING SCORES:

I will be posting a Google Doc and updating it at least once a day. This will display TB for all fantasy managers, with individual pages for fantasy managers to see contributions for their players. If I have a ton of time (I won't) I might try to automate this process. For now, though, I will just be copying info from box scores after games.

DISCUSSION:

The Facebook Messenger group chat will be the official channel for all discussion.

POTENTIAL HICCUPS/PITFALLS:

If games are canceled and the schedule is changed, it is conceivable that there would be an overlap in playoff rounds. I do not yet have a contingency plan for this. We can all discuss this together to try to come up with something that is equitable.
